

## CAMPAIGN OPENS WITH A RUSH

Y. M. C. A. Teams Enlist 35 New Members in First Day—To Raise Membership to 1000 in a Week—Captain Pullen's Team Leads at the Start—Bridgeport General Secretary Heard.

The Young Men's Christian association hall was the scene of a most enthusiastic gathering Friday evening, marking the opening of the one week campaign to bring the association up to the 1,000 mark. Deep interest in the purpose of the gathering was everywhere manifest and the speakers were frequently interrupted with cheers and bursts of applause. The president of the association, James L. Case, presided over the meeting, which was attended by about 100 men and boys.

At 8:30 o'clock the ladies of the Women's auxiliary served an excellent supper, including one of MacDougal's fine chowders, crackers, pie and coffee.

**World-Wide Organization.**

In opening the meeting President Case expressed his pleasure at the large number entered in the campaign and at the good work which they were planning to accomplish during the week. He spoke of the great value of what is being done by the Y. M. C. A. all over the country and all over the world, giving extracts from a letter from a member of the international committee showing the growth of the association during the past 40 years from almost nothing to an institution of world-wide influence for good. When you ask a man to join this association, said President Case, you are not asking him to support a merely local institution, but an organization which reaches the men and boys all over the world. For some time the local membership was about 500, but it has been increased until it is now about 700. General Secretary Starkey has cherished an ambition to see the membership reach 1,000 and has devoted much effort towards this end. He has been able to secure the cooperation of the Y. M. C. A. of this city, both of whom were appointed members of the committee on permanent state organization.

Director L. O. Smith was the next speaker, and he gave an interesting address, pointing out the benefits of the association and urging the boys to go into the battle to win. He pledged himself to support the work in every way possible and said that when the team members met again in one week he wanted to see the goal attained. He was cheered at the close.

General Secretary Starkey was the next speaker, and before his remarks were given he and the other officers of the association were given three cheers for the work which they have done in planning the campaign.

**Explained Details of Campaign.**

In making this effort to increase our membership, Mr. Starkey said, we are in line with a general movement all over the country. We are going to get men and boys who will gain something by joining the association. Then, too, we want to get the business men, the men of prominence and the men of moral and financial backing.

Mr. Starkey explained details of the campaign and the plan on which points would be credited to various teams. Daily progress is to be reported.

## GOING TO PAWAUQUET WITH NEW COMPANY.

Suplt. Alexander F. Shaw Resigns from Aspinook Bleachery at Jewett City.

Alexander F. Shaw, who for the last seven years has been superintendent of the finishing department at the Aspinook company's plant at Jewett City, has resigned, to become connected with the Acme Finishing company plant at Pawauquet, N. H. This is a new plant which is about to start. Mr. Shaw will go there some time next month.

Mr. Shaw went to Jewett City from Norwich, where for a number of years he was resident manager for the United States Finishing company.

## CHECKS FOR FIREMEN.

Stetson & Young and Avery Brothers Express Their Thanks by Money Gift.

Friday evening Chief Howard L. Stanton of the fire department received by mail from Stetson & Young a check for \$25 with a letter expressing the company's appreciation of the work of the Norwich firemen in the recent fire on Central wharf. With \$100 received from the E. Chappell and \$25 each from the L. A. Gallup Co., the Norton estate and Stetson & Young, the firemen's fund has been increased by the sum of \$175. The chief has also received the sum of \$25 from Avery Brothers at Bean Hill, where the department responded to a fire call on Sept. 1st.

The firemen do their work without expectation of reward, but it is every evening when the thanks of the community are given to the men who will ultimately be of service to the fire fighters, it is expected.

## UNIVERSALIST MISSION CIRCLE.

Heard Rev. Mr. Ewing With Pleasure Upon Conditions in the Chinese Field.

For their October meeting the Mission circle of the Universalist church had a particularly interesting meeting this week, as the principal address of the afternoon was by Rev. George H. Ewing of the First Congregational church, who spoke upon "Missionary Conditions in China, a topic upon which his personal acquaintance with the field gave him enabled him to speak with authority.

Mrs. J. F. Cobb, the president, conducted the meeting, in which business matters were also attended to, and Mrs. Thomas gave a description of current events in the missionary world and Mrs. Minnie Jenkins read a story entitled "What the Light (Mite) Box Means." For their November meeting the circle is to have Rev. E. K. Tracy, a missionary in Syria, as the speaker.

## NORWICH REPUBLICAN CLUB.

Enrollment of 200 Expected to Be Reported at Meeting.

Enrollment in the Norwich Republican club, it was reported on Friday, had gone on satisfactorily in the last two days, and by the time the club meets tonight to act on the report of the committee on constitution and by-laws, there will be 200 names on the list.

The lists have been circulated in the hands of twenty different men and nearly all those approached have received the idea of joining and forming the club with enthusiasm, so that the lists filled out well.

**Attended Progressive Gathering.**

Among those who attended the meeting of the state branch of the women's organization of the progressive party at Farmington Thursday, were Mrs. Edson Gallaudet, Mrs. William A. Norton of this city, both of whom were appointed members of the committee on permanent state organization.

ed at the association building and will be shown by means of a chart in the main office. In closing Mr. Starkey urged the boys to get busy, as the time was short, and said he was confident that when the week was up the association would boast 1,000 members and more.

**Reports from Team Captains.**

At this point the team captains reported the number of members already secured. Captain Pullen's team D was in the lead, having already secured 13 members for a credit of 25 points. The other teams reported as follows: Team C, Noah Lucas captain, 5 members, 10 points; team A, John McKinley captain, 6 members, 10 points; team E, Robert Fletcher captain, 4 members, 8 points; team G, Clarence Sevin captain, 2 members, 6 points; team F, Benjamin Bruce captain, 3 members, 6 points; team B, L. C. Elmer captain, 1 member, 2 points.

**Bridgeport General Secretary Speaks.**

The general secretary of the Bridgeport Y. M. C. A., W. Seymour Lacy, was introduced as the principal speaker of the evening and gave a very interesting talk.

All of you men and boys here tonight, he said, are members of the most magnificent organization ever instituted in many ways. For those who are willing to take advantage of the opportunities for development which it offers it gives three times the value of the money invested. The Y. M. C. A. has been a great power in promoting the cause of Jesus Christ and has had a marked impression on the business world. Mr. Lacy spoke of much which has been accomplished by the organization and said the value of the Y. M. C. A. is realized by the big company by the railroad, for instance, to such an extent that in many cases in the regular annual appropriations is a contribution for the support of the Y. M. C. A.

Enthusiasm is a big thing in fighting this battle for new points. We must present the facts, point out the good work which is being accomplished. In other words, we must advertise. We must show the people that they are really receiving three times the value of their money. The Y. M. C. A. takes a hand in building up the three parts of the man. The gymnasium is devoted to the building up of the physical body. The great Gladstone said that the man too busy to exercise was like the workman too busy to sharpen his tools. The man must exercise. The Y. M. C. A. also takes a hand in educating the boys and young men, and, thirdly, no one can belong to the Young Men's Christian association without deriving moral benefit from it.

**Work for All.**

General Secretary Starkey, President Case and the other officers have, like generals, carefully planned the line of action. Only one thing more remains necessary for the success of this campaign. That is that each one of the team members do his part. Mr. Shaw is today and applied himself at the close. The meeting was then adjourned.

On the close of the campaign next Friday there will be another rally of the teams.

## HERMAN ALOFSIN, 2D, NIGHT SCHOOL PRINCIPAL.

Appointed by Town School Board—Has Taught Several Years.

At a meeting of the town school committee on Friday evening, attended by the full board and presided over by Chairman H. A. Tirrell, the appointment of Herman Alofsin, 2d, as principal of the night school was made. Details as to the time of opening of the school and other matters in connection with it are still under consideration.

Mr. Alofsin is well known in connection with the night schools which have been held in previous years, as he has been a teacher in them, is a Yale graduate, is acquainted with foreign languages and generally possessed of qualifications which fit him for the work.

The board also appointed William J. Carroll of Mowry avenue as janitor for the town school, to fill a vacancy that had occurred there. The board discussed a number of matters in preparation for the town meeting on Monday night.

## THE OTIS LIBRARY IS THE LIBRARY OF THE PEOPLE

As to the character of the books in demand. This statement shows: Fiction for grown people, 66,729 vols., 1.75 per cent.; travel, geography, etc., 1,212 vols., 1.06 per cent.; history, 1,132 vols., 1.04 per cent.; literature, 2,003 vols., 1.85 per cent.; fine arts, 1,092 vols., 1.01 per cent.; useful arts, 1,023 vols., .94 per cent.; science, 879 vols., .86 per cent.; magazines and miscellany, 3,097 vols., 2.86 per cent.; fiction for young people, 17,474 vols., 16.17 per cent.; other books for young people, 8,254 vols., 7.59 per cent.; books in foreign languages, 2,235 vols., 2.06 per cent. Total circulation for year, 108,402 vols.

Daily average of issues, 354; library open 365 days; reading room open 344 days; new book-borrowers registered during the year 1,304; total registration of book borrowers since June 1, 1893, 24,357; volumes worn out and discarded 587; volumes rebound 959; new books added by gift 120, total grant 64, purchase 1,490; total 1,674; total number volumes in the library 40,462; net gain in volumes 828. Number of visitors in the reading room on Sundays, from October 1, 1911, to June 30, 1912, 1,583; visitors added to the catalog 3,402; number of cards now in catalogue 34,207.

**The Year's New Books.**

The following is a classified list of books added during the year: Fiction for grown people 431; history 96; travel, geography, etc. 62; history 89; literature 40; fine arts 32; useful arts 13; science 41; philology 3; sociology 12; religion 48; philosophy 31; magazines and miscellany 104; fiction for young people 215; other books for young people 160; books in foreign languages 43. Total 1,674.

There follows a partial list of books added within the year, to show the scope of the library purchases, some from library funds, one by state grant and others by gift.

**The Need of More Room.**

Mr. Trumbull reports: Fewer books have been purchased this year, partly on account of the restricted high prices but as usual the books we have been able to buy have been those which to the best of our belief add to the usefulness of the library and contribute to the wants of our patrons.

The reading room on Sundays continues to attract many readers. One trying need is more room. Notwithstanding the many books worn out and discarded, our shelves are still uncomfortably crowded and must soon be cleared out to make room for new ones.

**Helpful Co-operation.**

The literary clubs, debating clubs, and similar organizations, make general use of the library with seemingly increased interest each year, and it rarely happens that some book cannot be found to give them the information they require.

The Free Academy, the normal school and the common schools use the library to a greater extent than ever before. One table is given up entirely to reference books for scholars, and every afternoon finds a dozen or more pupils in the reading room studying the subjects for recitation the next day.

We extend a cordial hand to the superintendent of the schools and trust that under the new regime the schools and library will be even more closely united in the future.

**Officers and Staff.**

The trustees of the Otis library are William A. Aiken, president; John C. Averill, treasurer; Adams P. Carroll, Frank L. Woodard, Henry A. Tirrell, Oliver Johnson, Archibald B. Mitchell.

The library staff includes Jonathan Trumbull, librarian and secretary; assistants, Miss Imogene A. Cash, Miss Harriet G. Cross, Miss Elizabeth Welton, Miss Martha A. Ward; substitutes, Miss Mildred Rogers, Miss Sadie Dawson and Oliver R. Wulf. Hugh H. Moreland is janitor.
